

PSD ERD I OPS **w/ FFM and DRY SUIT OPS

*This first level Emergency Response Diving Course is designed to give the certified open water diver, or open water certified public safety diver, the fundamental skills needed to safely function as part of an OSHA and NFPA compliant public safety dive team in both the diver and tender roles. This course also allows the PSD Diver to include FFM and Dry Suit Ops.**)*

- Students will learn basic PSD scene assessment, search and recovery techniques, evidence preservation and recovery, basic rigging techniques, and self and team rescue.
- This course offers the PSD to include FFM and Dry Suit Ops certification saving both time and money. (*Option requires additional day of training and additional cost.)
